

LARGO MOWER

4-Stroke-Lawnmowers-Motor Oil

Description:

LARGO MOWER for four-stroke engines has an outstanding additive package for high-level protection against wear. Thanks to its excellent lubricating ability and high corrosion protection **LARGO MOWER** lays the foundation for a long service life even under unfavourable operating conditions or over the winter months.

Characteristics

- High lubrication film stability
- High oxydation- and thermo stability
- High engine cleanliness
- Excellent viscosity-temperature behaviour
- High safety potential, also at boundary lubrication conditions

Usable for

SAE	30
API	SG

Effects

- High operating reliability
- Prevents black sludge formation
- Increases the service life your lawnmower engine
- Corrosion protection even during the winter months

Utilization

- Four-stroke petrol engine
- Lawnmower engine
- with catalyst technology

Disposal:

- **LARGO MOWER** is assigned to category 2 of used oils and thus is free for disposal.

Miscibility:

- **LARGO MOWER** is fully compatible to comparable lubricants and can be mixed safely. However, it is recommended to refill **LARGO MOWER** only.

LARGO MOWER

Article No.	Packaging unit	
STL 1010 141	Can	600 ml

Typical characteristics:

Specific weight at 15°C	kg/m ³	856
Viscosity at 100°C	mm ² /s	10,5
Flash point COC	°C	238
Pourpoint	°C	-30
TBN	mgKOH/g	8,2

Data are subject to change.

Attention: Service instructions should be observed!
