

CALICON ZH75 ECO

HC-Synthetic-Hypoid Gear Oil 75W

Description:

CALICON ZH75 ECO is a HC-Synthetic high performance low friction transmission oil for manual transmissions with reduced cold viscosity for optimized transmission efficiency and cold starting. Used to lubricate synchronized and non-synchronized manual transmissions.

ČALICON ZH75 ECO brings due to the modern HC-Synthetic base an effective noise attenuation and remains extremely shear stable "Stay-in-grade" under all operating conditions.

This transmission oil was developed for various transmissions from car manufacturers such as Audi, BMW (Getrag), Mercedes-Benz, Mitsubishi, Nissan, Peugeot, Seat, Skoda, Volkswagen, Volvo.

Especially recommended for cars from BMW, Mercedes-Benz and VW.

Characteristics

- Excellent wear protection
- First-rate oxidation stability
- High shear stability
- Excellent viscosity-temperature behaviour
- Excellent cold viscosity for improved switchability
- High pressure susceptibility
- Excellent corrosion protection
- Prevents foaming
- Neutral towards metals and sealing materials

Usable for

SAE	75W
API	GL-4
We recommend this product for	or:
BMW	MTF, LT-2/-3/-4
FIAT	MZ7
FORD	WSS-M2C200-D2
GM	1940764 / W16612
HONDA Special	MTF, MTF-II
MB	235.10
MITSUBISHI	MZ320065 Diaqueen SSTF-4
PSA	B 71 2316 (HBVFE), PSA 9730 A8
RENAULT	DC4 DW5 (6DCT 250 dry DCT9)
SPECIAL GEAR OIL	MTF 94
TRANSELF	TRT
VOLVO	97308, 97309
VW	G 052 527 A2, G 070 726 A2, G 052 178, G 052 512, G 052 726, G 060 726

Effects

- Optimal operating properties
- Life-time suitably
- · Lowered cold viscosity for excellent fuel efficiency
- Excellent cold flow characteristics
- Reduced fuel consumption and longer oil change intervals
 - All-year operation

Utilization

Modern passenger car gear box

Disposal:

• CALICON ZH75 ECO is assigned to category 2 of used oils and thus is free for disposal.

Miscibility:

CALICON ZH75 ECO is fully tolerated with comparable lubrications and can be mixed. However, to get full advantage of CALICON ZH75 ECO it is recommended not to mix CALICON ZH75 ECO with other customary hypoid gear oils.

Data are subject to change. Attention: Service instructions should be observed! STL/GE/-08/2021
